imagePROGRAF PRO-4100

UNRIVALLED COLOUR EXPRESSION WITH FAST AND EFFICIENT 44 INCH OUTPUT

A large format solution for print service providers in the photographic and fine art markets

Media expert

Automatic media handling adapts to any media type for a streamlined user experience

Protect print data

Maximise security by restricting print connections and protocols with individual user passcodes

Workflow efficiency

Work smarter with hard keys and saved on-screen settings for frequently used operations

· Auto media type detection

A sensor detects the media, matches it with an internal database and automatically selects the media type

Colour reproduction

Advanced image processing accurately expresses colours, improves gradation and increases sharpness
